

6070-201 Stripping Liquid

Technical Data Sheet

Page 1/1

Stripping Liquid is a ready to use, concentrated liquid remover for fast and thorough removal of direct emulsion residues on the screen.

Physical Data:	Colour: Clear Consistency: Liquid Shelf Life: 1 year at 20°C, 68°F
Instructions For Use	<ol style="list-style-type: none">1. Ensure that the screen completely free from ink residues. If any ink residues remain, use Stain Remover (6070-001) to clean the screen. Please consult the product information on the Safety and Handling of Stain Remover (6070-001).2. Apply Stripping Liquid using a soft brush or sponge to both sides of the mesh, rubbing in a circular motion. Ensure that it is distributed equally over the screen.3. Allow the screen to stand for not more than 15 minutes. Longer period can damage the mesh.4. Rinse the screen with water in vertical position. Rinse well with high pressure water gun until the water runs off without any foaming.5. Dry as usual prior to applying stencils.
Handling and Storage	<ul style="list-style-type: none">• It is recommended to wear suitable protective goggles and gloves. Take particular care to avoid splashes into the eyes and skin contact. If this does occur, rinse immediately with plenty of water. In case of splashes into the eyes, seek medical advice.• Comprehensive information on the safety and handling of Stripping Liquid 6070-201 is given in the appropriate Smiley Material Safety Data Sheet (MSDS), which are available upon request.• Stripping Liquid should be stored in a cool dry area away from heat, light and organic matters (food drinks, etc.). Containers should be tightly closed immediately after use.
Environmental Information	This product is not considered hazardous in general. The working solution can generally be emptied into the drains however larger quantities should be disposed of according to local regulations.
